Jonathan,
I'm sure you are working but ASI would like to issue a statement that reflects the decision in her words. Separate from the recession memo.

Team,
Lots of moving parts on this one and would like to get the group together late tomorrow (4pm) to review and discuss. My hope is that enough work is done between now and then that we can tackle the big items and not have to come in on Monday (wishful thinking??).

Some thoughts –

- Review of Memorandum
- Review of the rollout
- Review of Press plan / Q&A Jonathan is pulling together
- Review of the Hill engagement (Ben – can you pull together a list of all the Members who have written to us on DACA since Jan?)
- Review of IGA engagement
- Review of implementation by USCIS

One of many questions for tomorrow – what are the principles we would recommend to the WH to be included in DACA legislation?

Talking to Sarah and Amy Swonger (WH Leg) on the plane now and can update. In person at the NAC is best tomorrow. If not, we'll look to accommodate call ins.
