SUPPORT DRIVERS LICENSES FOR ALL!

Illinois law requires anyone applying for a driver's license to provide a Social Security number (SSN). This law prevents 250,000 Illinois immigrant motorists who cannot get SSNs from getting licenses— even though they need to drive to support their families. These unlicensed, uninsured drivers are involved in 79,600 accidents each year, costing \$660 million in damage claims. Nationwide, unlicensed motorists are five times likelier to be involved in a fatal crash than licensed drivers.

Providing a way for Illinois immigrant motorists to obey driver's license laws will make everyone on our state's roads safer. These immigrant drivers will need to get tested on their driving skills and on the rules of the road,

May God Bless You for getting this done, it has been a long hard road and now we see a little light at the end of the tunnel and I hope in early 2013 We will see a new immigration bill.

May God Bless The United States of America .
